Dedicating in oil & gas field ,
Larylan helps to realize your potential

LARYLAN COMPANY PROFILE

The head quarter of Larylan locates in Hong Kong, the Special Administrative Region of P. R. China, with its four field offices throughout the world located in Shenzhen, Dubai, Berlin, and Toronto.

With the full support from our customers and suppliers during the past time, Larylan grows up fast and steadily. Possessing skills at engineering and production, combining with experience in the project management and commercial operation, Larylan supplies beneficial and optimized proposals to our customers that have obtained an enviable reputation from the customers. Through its successful management, Larylan has undertaken and sold projects, materials and equipment in North America, Middle East, Asia, Africa and West Europe Regions. Based on our

performance, Larylan also established long-term & exclusive cooperation relationship with some regional famous EPC contractors.

Adhering the company core value as Accomplishing Customer First, with experience combined with devotion of work, our commitment to customers extends beyond the delivery time of product, and we are fully committed to provide the continuous power to ensure reliable and effective product with reasonable price.

Larylan always endeavor to give the best and rigorous solution & service to achieve the mutual beneficial goal and to accomplish our customer a greater success.

With core culture of accomplishing customer first
Bearing responsibility of realizing people's value of contribution
Larylan supply high-quality products with reasonable price to our clients world widely

REFERENCE INFORMATION

Partial Vendor List

- ABB
- Atlas-Copco
- ART
- AXENS
- Bruker
- Criterion
- FACI
- GC Agilent
- GE
- GRACE
- Ingersoll-Rand
- KSB
- Michell
- Pre-Vent
- Samsung
- SASOL
- SASPG
- Siemens
- URACA
- WISCO
- Others

PETROCHEMICAL MATERIALS

Larylan dedicates itself in providing chemical materials, including Catalyst, Absorbent, Non-toxic Metallic Stearate, Additive and others which cover applications over many sections upon up & down steam processes of refining.

Catalyst

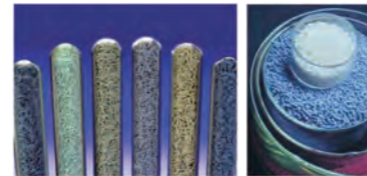

Larylan supplies catalysts cover an extensive range of applications focused in the refining and petrochemical industries, including:

- * Oil Refining Catalyst : hydrogenation, hydrotreating, hydrocracking, reforming, and sulfur recovery.
- * Polyolefin Catalyst
- * Basic Organic Raw Material Catalyst
- * Other Catalyst

Absorbent

Refinery, Petrochemical and Gas facility operators face the challenge of solving feedstock contamination problems. Larylan supplies absorbent for the removal of trace contaminants from gas and liquid streams:

- * Regenerative adsorbents such as molecular sieves and activated alumina
- * Non-regenerative guard-bed adsorbents
- * Alumina product range dedicated to water treatment

Non-toxic Metallic Stearate

Larylan supplies non-toxic metallic stearate, esters and a wide range of oleo chemicals and additives to a large variety of industries:

- * Calcium Stearate
- * Zinc Stearate
- * Magnesium Stearate
- * Glyceril Monostearate

All available on vegetable basis

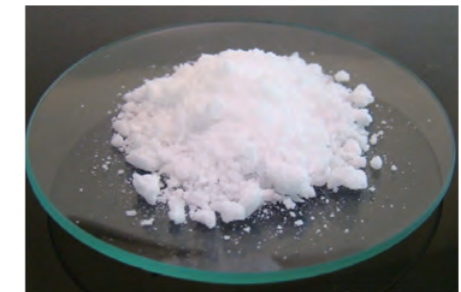

Others

Soap granular

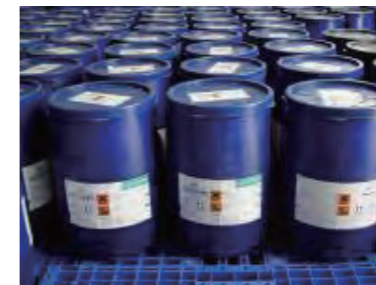

Ammonium Perrhenate

Iodine

for industrial pharmaceutical and laboratory applications

INDUSTIRAL EQUIPMENT & SPARE PARTS

Possessing advantage of abundant experiences at sales of Industrial Equipment and Spare Parts, Larylan extends cooperation with manufacturers and suppliers globally. Pursuant to a mutual beneficial spirit, with support from top-class brands of manufacturers, Larylan earns good reputations for its excellent performance with its customers.

Air Compressor

Larylan distributes air compressor from world famous brands, such as Atlas-Copco, Ingersoll-Rand , Arsen , Comp-Air, etc., with various types of comprcssors as portable and stationary, oil free and oil injected, screw and piston, and etc.

Portable Compressor

Stationary compressor

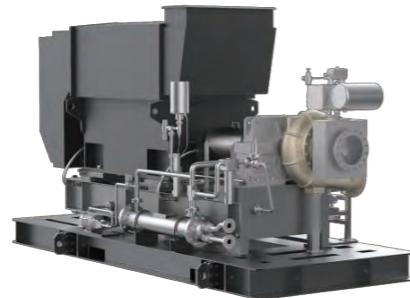

Gas Compressor

Larylan maintains cooperations with reputable gas compressor manufacturers, such as Samsung, SASPG, TIANHUA, and etc.

Labyrinth Piston Compressor

Single Stage Gas Booster

Other Industiral Equipment

Larylan also has references at other field of industrial equipment and spare parts, including Power Generator, Blower, Valves&Flange, Pump, and etc.

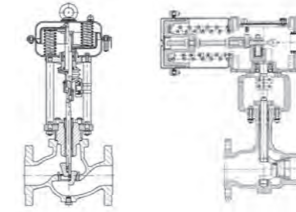

Power Generator

Blower

Valves&Flange

Pump

Spare parts

Beyond its advantage of price level control on equipment products, Larylan also provides after-sales maintenance service with a comprehensive and competitive price & service package. The close bond with world famous manufacturers' after-sales sections distinguishes Larylan highly from other competitors for a more qualified after-sales service.

INDUSTRIAL MATERIALS & INSTRUMENTS

Larylan has established strategic cooperation relationship with various world famous brands in the fields of Iron & Steel Material, Pipeline, Industrial Instrument and gauges, etc.

Iron Steel Material

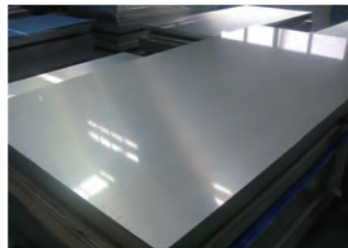

Larylan has a wide selection of industrial metals including Aluminum, Stainless Steel, Galvanized Steel, Cold Rolled Steel, and Hot Rolled Steel.

Hot Rolled Steel

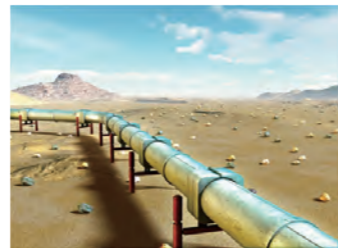

- Corrosion resistance
- Aesthetic appeal
- Heat resistance
- Low life cycle cost

Stainless Steel

- Full recyclability
- Biological neutrality
- Ease of fabrication and cleaning

Pipeline

Larylan supplies finished and semi-finished products of pipeline

Instruments

Larylan has vendors of industrial instruments from world famous brands, including: ABB, Michell, Uitrafilter, Agilent, etc.

Gas Chromatograph:

Larylan provides the broadest selection of gas chromatography (GC) and gas chromatography/mass spectrometry (GC/MS) systems, support, and supplies in the industry.

FTIR Spectrometer

Encompassing portable and in-lab FTIR, UV-Vis-NIR, and Fluorescence, Larylan offers you a comprehensive range of molecular spectroscopy solutions.

Dew-point Transmitter

A rugged impedance dew-point transmitter for continuous measurement in compressed air or process gas.

Bulk Business

Except for the afore mentioned products, Larylan covers business areas at Bulk Business as well, such as international and domestic tradings of Iron Ore, Coal, Bitumen and etc. Larylan Bulk Business Unit team provides services at importation & exportation, logistics, warehousing, financing, and other fields for our clients through out China, South & East Asia, Middle-east Regions.

Bitumen

Iron Ore

Coal

International Trading Service

With its abundant resources at logistics, supply chain, and financing support networks, Larylan devotes itself to our clients' demands on logistics and financing route services. Based on its past referenceable experiences, Larylan is able to provide services as collection agent & payment agent under various trading scenarios, workable under both T/T and L/C payment terms. Larylan always aims itself at accomplishing client's business demands first.

The logo for Larylan, featuring the brand name in a white, bold, sans-serif font. The letter 'y' is stylized with a cursive, script-like tail that loops back to the left. The logo is centered horizontally and positioned in the upper-middle section of the page.

Larylan

The background of the page is a solid, vibrant red color. Overlaid on this background is a large, intricate pattern of white, thin-lined outlines. These outlines form various organic shapes, including elongated, pointed leaf-like forms and more complex, overlapping structures that resemble a stylized plant or a cluster of leaves. The pattern is most dense in the lower right quadrant and fades slightly towards the top and left.
